#### § 121-1. Title.

This chapter shall be known and may be cited as the "West Earl Township Noise Ordinance."

#### § 121-2. Authority.

This chapter is enacted pursuant to the Second Class Township Code.

#### § 121-3. Purpose.

The purpose of this chapter is to ensure that public health, safety and welfare shall not be abridged by the making and creating of noise pollution or of public nuisances from disturbing, excessive or offensive noises in the Township. The residents of the Township recognize that uncontrolled noise represents a danger to the health and welfare of their neighbors and that each person in the community is entitled to live in an environment in which the level of impulsive and amplified noise is minimized for the community good. It is the purpose and scope of this chapter to provide regulations defining a noise disturbance that vehicles, appliances and equipment shall be not allowed to produce within specified distances from their neighbors, and also to provide for the prohibition of other kinds of offensive noises. These regulations and prohibitions are intended to protect the physical, mental and social well-being of the residents of West Earl Township.

**§ 121-4. Legislative findings.**

The Board of Supervisors finds that failure of individuals, businesses, industries, persons maintaining animals, social gatherings and other activities to regulate the noise emanating from their premises constitutes a violation of the peace and enjoyment of the residents of the Township and a public nuisance. Specifically, such noise emanating from home occupations, businesses, industries, between certain hours, sound amplification equipment, radios, electronic sound recording equipment, vehicles, persons maintaining nonfarm animals, social gatherings, and other activities:

- A. Creates a nuisance in that residents are deprived of the enjoyment of their homes, disturbed in their sleep, and otherwise prevented from the quiet enjoyment of their residential premises;
- B. Affects the public welfare by reflecting negatively on the quality of life in residential areas of the Township;
- C. Disturbs the peace and good order of the Township; and/or
- D. Creates noise pollution.

**§ 121-5. Noise limited; prohibited acts.**

- A. Noise disturbance prohibited. No person shall make, continue or cause to be made or continued any noise disturbance, nor shall any person suffer, allow or permit any noise disturbance to be made or continued from or at any property, whether real or personal, that is subject to such person's right to control.
- B. Noise disturbance.
